

List of Universities and Federal Institutes of Technology

The main aim of the Swiss Universities and Federal Institutes of Technology is teaching and basic research. These institutions offer world-class bachelor, master, and Ph.D. degrees, as well as several Master of Advanced Studies and continuing education courses. The two Federal Institutes of Technology of Switzerland are among the top 20 Institutes of Technology of the world; commonly known as EPFL and ETH Zurich. All institutions are largely publicly funded (80% on average).
