

SoHHytec

Solar Fuel, the smarter way.

Sun + Water → Renewable Fuel (Hydrogen)

Self Sustainable Zero Emission Energy Solution

We sell
Onsite cost
effective **H₂**
production system
for Residential and
Industrial sectors

Cleaner & Greener

Highly scalable in size (up/down)

Onsite hence no costly expenses for transportation

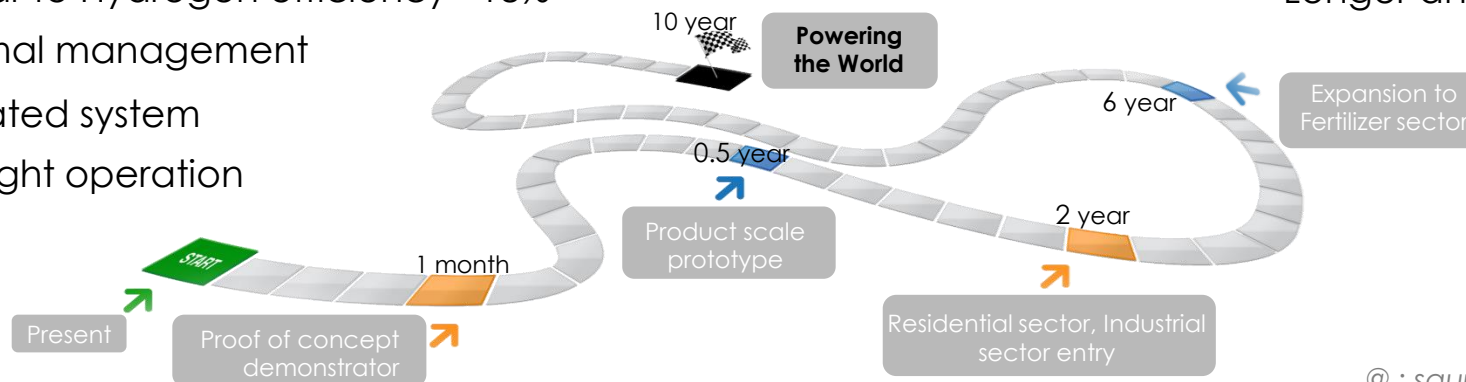

Longer and durable life span

Record Solar to Hydrogen efficiency ~18%

Smart thermal management

Fully Integrated system

Day and Night operation

8 Journal publications , 10 International conferences, 2 Patents in progress
